R	H	V	C	D	F	P	R	W	O
C	P	E	T	H	I	O	P	I	A

See if you can use all the words from the puzzle above to write a prayer for Agar here:

Dear God,

Amen.

# Powered by the sun

## Meet Agar.

Agar is 11 years old and lives in a village in Ethiopia, which is in East Africa.

Ethiopia has lots of sunny days. Too many sunny days, really, and not enough rainy ones. But Agar is using the sun to help her do her homework. Find out how inside...

How does the sun help you?  
Write or draw your ideas here.

As it's Harvest, think about how the sun helps plants too.

# Grab a friend and play our game to find out Agar's story

## Rules and how to play:

- You will need a counter for each person playing and a dice.
- Youngest player starts.
- Throw the dice and move your counter around the board.
- Read the squares as you pass over them.
- If you land on a space, read and follow the instructions.
- First person to reach Agar is the winner!

**start**

Agar likes to read. Move forward 1 space.

Thanks to income from her mum's shop, Agar can afford to go to school. Move forward 2 spaces.

Agar tried to do her homework by firelight, but the smoke was bad for her. Move back 1 place.

Agar had no electricity, so no light to do her homework. Miss a turn.

Agar is doing really well at school – she's top of the class! Throw again.

Agar wants to be a teacher when she's older. Guess what you want to be when you're older, then move forward 1 space.

Agar can get back to school and do her homework. Move forward 1 space.

Christian Aid, a charity in the UK, gives Agar a solar lamp. Have another turn.

Agar had to drop out of school. Move back 3 places.

**finish**  
Agar's future is looking bright!
