

## HEDGEHOG CLASS HOME LEARNING

Friday 22<sup>nd</sup> May 2020

English:	
Phonics:	<p>Any phonic games</p> <p>You might like to explore Topmarks English/Phonics further</p> <p>Teach your monster to read</p> <p>Any pages in your CGP book or home learning pack</p>

Maths:	
Number	<p>Big Numbers Song - Jack Hartman</p> <p>Todo maths</p> <p>Any pages in your CGP book or home learning pack</p>
Shape, Space & Measures	<p>White Rose Maths - Summer Week 5 Day 5 Superworm</p> <p><a href="https://whiterosemaths.com/homelearning/early-years/">https://whiterosemaths.com/homelearning/early-years/</a></p>

Topic:	The World around us!
	<p><u>Taking care of our planet</u></p> <p>Your challenge today, should you wish to accept, is to make a wormery!</p> <p>I have added some additional worm related activities and instructions on how to make a wormery under the daily plan on the website.</p>  <p>If you do not like worms you might like to make a bug hotel instead?</p>
PE	I hope you are able to get out and about to exercise in different ways (within the guidelines) during the half term break.

I hope you have a fabulous and fantastic fun packed  
Friday and a super half term break 😊

## Make your own wormery

wildlife  
watch

### You will need:

- 2-3 earthworms
- 1 litre clear plastic drinks bottle
- Garden soil
- Compost
- Light-coloured sand
- Scissors
- Cling film and an elastic band
- Water
- Leaves
- Paper or card and tape

1 With the help of an adult, cut the top off the drinks bottle and remove any labels

2 Build up layers of different kinds of soil and sand in the bottle

3 Sprinkle fallen leaves over the top and water until damp

4 Add your worms!

5 Secure cling film over the top to stop your worms escaping. Pierce with tiny holes.

6 Wrap the bottle in paper to keep it dark for your worms. You can remove this when you want to have a look at how they've mixed the layers.

7 Keep in a cool place and top up with water when needed. Release your worms back into the wild after you've finished your experiment.
